The Cumberland Schools Catering Society is a not for profit organization. All moneys made by the society go directly back into the schools we serve to help support the students. Our society consists of Oxford Regional Education Center, Parrsboro Elem/Jr./Sr. High School, Springhill Jr./Sr.High School, Cumberland North Academy, Spring Street Academy, Pugwash District High School, Amherst Regional High School, West Highlands, Cyrus Eaton, and E.B. Chandler Jr. High School. Our goal is to provide nutritious home cooked food at an affordable price.

We have been reviewing our prices in February. Due to the increase in minimum wage effective April 1st, 2016 and the increase in food prices from our suppliers, it is impossible to maintain our current pricing. I am sure that all of you notice this when you are doing the grocery shopping for home. Therefore we have to bring in a slight price increase effective March 21st, 2016. We have attached a price list for your convenience. We look forward to serving you and would like to take this opportunity to thank you for your continued support.

Yours truly,

Jennifer Mapplebeck
